Subject: **Approve revocable license for private improvements in the City street right-of-way in front of 339 Golden Gate Avenue**

Recommended Motion/Item Description

That the City Council approve the revocable license agreement for 339 Golden Gate Avenue for improvements in the street right-of-way as part of the Consent Calendar.

Background and Findings

Proposed encroachment on City property – 339 Golden Gate Avenue – APN 060-202-04

The attached license agreement requires the property owner to assume liability and maintenance responsibilities for:

Landscaping, driveways, pedestrian gate, stairs & walkway, and a stone wall in the street right-of-way in front of 339 Golden Gate Avenue. (Refer to attached draft Revocable License No 2017.17 and associated exhibit.)

Background of current application

On August 15, 2017, the Belvedere Planning Commission approved application requests for Design Review for final landscaping, lighting, fencing, retaining walls, and exterior amenity features for the property located at 339 Golden Gate Avenue. The Planning Commission approved the proposed modifications and recommended approval for the proposed encroachments into the public right-of-way. The Commission/staff finds that encroachment is necessary to provide pedestrian and vehicular access from private property to the adjacent public street and use of the public right-of-way will permit landscaping that will enhance the aesthetic qualities of the neighborhood.

Correspondence was received August 11, 2017, from neighbor Barbara Roberts of 335 Golden Gate Avenue regarding the revocable license application for this property. Since the time the letter was received, the design of the project has been altered. The letter is included in the attachments for informational purposes for the City Council.

Future improvements

The license covers any future improvements within the revocable license area which receive staff or Planning Commission design review approval and which meet one or more of the criteria for approval of revocable license listed in the City's Administrative Policy Manual, Policy 272.05, as adopted by City Council resolution. Applications for substantial, potentially permanent and/or obstructive structures within the City right-of-way, which fall outside the criteria, will still be required to go to the City Council for consideration and approval/denial. Detailed records at City Hall, maintained in the Planning Department file for this address, will always be available to show exactly what structures have been approved within the license area. This will save considerable staff time that would be devoted to bringing a revised license and staff report to the City Council and in issuing, recording, and archiving a new license agreement.

Recommended Action

That the City Council approve the revocable license agreement for 339 Golden Gate Avenue for improvements in the street right-of-way as part of the Consent Calendar.
