CITY OF BELVEDERE – ADMINISTRATIVE POLICY MANUAL

**POLICY 7.1
RECORDS MANAGEMENT PROGRAM**

Adoption Date:	1/10/2006	Adopted by:	City Council motion
Revised Date:	3/111/2019	Revised by:	City Council Resolution 2019-03
Authority:	City Council		

7.1.1 DEFINITIONS

- A. State’s Definition Of “Public Record”:
 - I. CGC 6252.(E), (G)
 - II. CEC 250.
 - III. CGC 6200.
- B. Definition of “duplicate”: CEC 255.
- C. Laserfiche Definitions:
 - I. Laserfiche volumes which have been exported to non-rewritable cd’s or to other permanent, immutable electronic format, shall be referred to as “archival volumes.”
 - II. The disks themselves shall be referred to as “storage media.”
- D. Definition of “original” or “record” copy:
 - I. CEC 255.
 - II. CGC 34090.5, 34090.7.
 - III. When choosing among identical editions of a document, the one designated the “record copy” shall be, in descending order:
 - 1. The image on a Laserfiche archival volume.
 - 2. Signed document with an original signature.
 - 3. Photocopy of signed document.
 - 4. Facsimile of signed document.
 - 5. Documents with imprinted signatures.
 - 6. Sharpest, cleanest printed copy in a paper file.
 - 7. Sharpest, cleanest photocopy in a paper file.
 - 8. Print of an electronic document which has been verified as a final draft by the document creator.
- E. Records which are considered drafts and which cannot be certified as an original, the record copy, or a reproduction of a record copy:
 - I. Letters with a blank signature block.
 - II. Word processing, spreadsheet, and other files stored on a personal computer, server, diskette or cd, unless a copy is produced and the creator of the document verifies that it is identical to the original final draft.
 - III. When entering documents into Laserfiche, if a record copy cannot be identified with surety, or if the person scanning has reason to doubt that the document is a final draft or that it was ever published, the scanner must add a note to that effect in the “notes” or “subject” field of the template card attached to the file. Such a file may be used for reference only and prints made from it cannot be certified by the

city clerk as true and exact copies of a record copy.

7.1.2 FILING AND RETENTION OF CORRESPONDENCE

- A. Record copies of letters and memos are photocopies of the original, or Laserfiche images of the original, as it was published (i.e. on letterhead and signed).
- B. A record copy should be made of all outgoing correspondence and either placed in the sender's physical chronological correspondence file, or scanned into the sender's Laserfiche chronological file. (This is in addition to copies made for a subject file, address file, project file, etc.)
- C. This protocol applies to correspondence generated by any public official, including city staff, city council and planning commission members, and members of volunteer city committees and commissions. The person generating the correspondence has the responsibility for ensuring that it is filed at city hall.

7.1.3 FILING AND RETENTION OF OTHER DOCUMENTS CREATED ON A P.C.

- A. This protocol is vital for two reasons: it ensures the accessibility of these records to the public (required by CGC 6253 et seq.); and it avoids future confusion over whether or not a file is a draft or the final record copy.
- B. Finished documents must be retained in one of three ways:
 - I. Printed out and placed in a paper file accessible to staff and the public.
 - II. Printed out and then scanned into Laserfiche.
 - III. Imported directly from the p.c. to Laserfiche.
- C. Word processing, spreadsheet, and other electronic files may be saved to a computer hard drive or server while they are being created and revised. After the record copy has been published, the electronic file should either:
 - I. Deleted, if it is no longer needed.
 - II. Retained on the p.c. or server, but solely for the purpose of using it in future as boilerplate or as a starting point for a similar document.
- D. This protocol applies to documents generated by any public official, including city staff, city council and planning commission members, and members of volunteer city committees and commissions. The person generating the document has the responsibility for ensuring that it is filed at city hall.

CGC means California Government Code
CCR means California Code Of Regulations
CPC means California Penal Code
CEC means California Evidence Code
CCC means California Civil Code

CITY OF BELVEDERE – ADMINISTRATIVE POLICY MANUAL

POLICY 7.2
EMAIL, VOICE MAIL, AND OTHER
ELECTRONIC COMMUNICATIONS

Adoption Date:	1/10/2006	Adopted by:	City Council motion
Revised Date:	3/11/2019	Revised by:	City Council Resolution 2019-03
Authority:	City Council		

7.2.1 **PURPOSE**

This policy governs the retention of email, other electronic communications, and voice mail, created, sent, received, forwarded, edited, stored, or otherwise used by City employees and officials in the conduct of City business.

7.2.2 **ELECTRONIC COMMUNICATION**

A. City Email Accounts

- All City employees and members of the City Council and Planning Commission shall be assigned a City email account. City email and email systems are intended to be a medium of communication and are not intended to be the electronic storage or maintenance of City records.
- City email accounts are solely for official use and shall not be used for personal business or other inappropriate conduct, including but not limited to chain letters, emails containing language which is insulting, offensive, disrespectful, demeaning, obscene, or sexually suggestive, or harassment of any form.

B. Electronic Communication Management; Public Records

- It is the responsibility of each individual to manage his/her email account and other electronic communications. Each individual must determine if an email or other electronic communication, whether sent or received, is a public record and must be retained pursuant to this Policy and the California Public Records Act. The City Clerk and/or City Attorney may assist in making such determinations. A public record includes any communication that relates in some substantive way to the conduct of the City’s business. If a communication constitutes a public record, it must be saved to an appropriate project folder, a separate electronic folder, or otherwise retained.
- Emails and other electronic communications that are primarily personal in nature, constitute drafts of completed documents, are not related to the public’s business, or not otherwise required to be maintained by law and whose preservation is not necessary or

convenient to the discharge of City business are not public records, and shall be deleted regularly and frequently.

- Emails and other electronic communications that qualify as public records must be retained for the same period as the record series that most closely matches the subject matter contained in the communication.
- Email residing on the City's email server that is not deleted or archived by the user may be stored for 2 years. All email bearing a date older than 2 years whether in a Mailbox, Sent Items, or any folder or sub-folder, regardless of agency, sender, recipient, or any other attribute, will be deleted automatically from the City's email system unless archived. This deleted email will not be retained on any Information Technology media or log. Electronic calendars will be excluded from this 2 year retention.
- City email accounts should be used to conduct City business. City officials and employees should not use personal email accounts or other personal electronic communications for the creation, transmission, or storage of communications regarding City business. In the event a City official is not assigned a City email account, such as a member of a City Commission aside from the Planning Commission, each individual may use a personal email account and shall otherwise be responsible for following the direction in this Section. The use of other electronic communications, such as texting, is discouraged.

C. Personal Electronic Communication Devices and Accounts

- If a City official or employee receives or sends an email or other electronic communication regarding City business on a non-City account, such communication shall either be: 1) copied ("cc'd") to the City account; or (b) forwarded to the City account as soon as feasible. The City official or employee shall endeavor to ask persons sending electronic communications regarding City business to a personal account to send the communication to the City account, and likewise shall endeavor to ask a person sending electronic communication regarding non-City business to use a personal account.
- In the event a private device is used to conduct City business, all City-related communication should be through a City email account, and not through text messaging, use of a personal email account, or any other personal electronic communication platform.
- In the event a Public Records Act request is received by the City seeking electronic communications, the City Clerk shall promptly transmit the request to the applicable City official(s) and/or employee(s) and communicate the scope of the information requested and applicable deadlines. It shall be the duty of each individual receiving such a request to promptly conduct a good faith and diligent search of his/her personal communication devices and computers, including private devices and computers, and all electronic communication accounts and platforms, for responsive electronic communications and/or documents. All responsive communications and/or documents shall be promptly transmitted to the City Clerk and/or City Attorney for review.

7.2.3 VOICE MAIL

Any incoming voicemail messages forwarded to the City's email system in the form of an audio file should be deleted quickly and not stored in the e-mail system. Voicemails needing to be maintained because it constitutes an official City record should be saved to the appropriate project file as either an audio file or transcription of the message.

**POLICY 7.3
LASERFICHE SYSTEM ADMINISTRATION
& SECURITY**

Adoption Date:	1/10/2006	Adopted by:	City Council motion
Revised Date:	3/11/2019	Revised by:	City Council Resolution 2019-03
Authority:	City Council		

7.3.1 POLICY

- A. Administrator
 - I. The City Clerk shall be the Laserfiche “Administrator”.
 - II. The exclusive responsibilities & rights of the Laserfiche administrator, hereinafter called “Admin,” include, but are not limited to:
 - 1. Assigning user rights and access rights.
 - 2. Creating new volumes.
 - 3. Making a volume “read only.”
 - 4. Labeling storage media and placing it in secure storage.
 - 5. When necessary, retrieving storage media for re-attachment.
 - 6. Lifting the “read only” status of an archival volume to perform maintenance on the database.
 - 7. Technical maintenance of the Laserfiche software and hardware.
 - 8. Installing software on pc’s and the server.
 - 9. Performing routine backups of the server.
 - 10. Exporting volumes to storage media.
 - 11. Re-attaching archival volumes to the database.
 - 12. Troubleshooting problems with the software.
- B. The City Clerk may, in consultation with the department head, designate person(s) in said department to be assigned the following rights exclusively for the Laserfiched files of that department:
 - I. Create new directory folders.
 - II. Create/delete/move/rename files.
 - III. Create new templates.
- C. No one, other than the Admin, is permitted to permanently delete Laserfiche files or pages from files. Users shall move test files, mistakes, and re-do’s to the trash bin directory for later clearance and deletion by the admin.
- D. No one is permitted to add, delete, or alter files or pages in files that are part of an archival volume.
- E. Records which are permitted to be destroyed after LaserFiching shall be retained until an archival volume is produced and the storage media has been safely stored off-site.
- F. Any user scanning documents into Laserfiche shall place a green “lf” mark in the lower right-hand corner of the document. When an entire file folder is scanned, a single mark may be placed on the file tab.

**POLICY 7.4
PERSONNEL RECORDS
& RETENTION SCHEDULE**

Adoption Date:	1/10/2006	Adopted by:	City Council motion
Revised Date:	3/11/2019	Revised by:	City Council Resolution 2019-03
Authority:	City Council		

The personnel files maintained by the Administrative Services Manager shall contain three files for each employee:

- A. Personnel Jacket. This file shall contain the resume, interview notes, and other documents related to the recruiting of the employee; results of reference checks and background investigation; offer of employment, employee contract, and/or Council resolution of employment; acknowledgment of receipt of City manuals and orientation training; notices of action; employee evaluations; documents related to disciplinary actions; and training records.
- B. Medical File. This file shall contain results of pre-employment physicals, drug tests, doctor's slips, and the pre-designation of treating physician.
- C. Workers' Compensation File. This file shall contain the records of any claims for workers' compensation filed by the employee.

Benefit enrollment forms, Form I90, and the W-4 shall be maintained in the office of the Administrative Services Manager.

All personnel files are subject to confidentiality and shall be stored in locked file cabinets. Please consult Belvedere Administrative Policy 9.2, "Personnel Files" for information about Notification of Changes, Medical Information, and Employee Access to Personnel File.

Maintenance of Vital Information. The Administrative Services Manager should be informed immediately of any changes in name, address, telephone number, marital status, or family status, beneficiary, or other information on file in order to ensure that federal withholding statements, medical, dental, and life insurance, retirement records, etc. are corrected. The employee may be liable for any costs incurred by the City as a result of failure to notify the Administrative Services Manager of the changes.

CITY OF BELVEDERE – ADMINISTRATIVE POLICY MANUAL

**POLICY 7.6
RECORDS REQUESTS**

Adoption Date:	1/10/2006	Adopted by:	City Council motion
Revised Date:	3/11/2019	Revised by:	City Council Resolution 2019-03
Authority:	City Manager		

7.6.1 COORDINATION OF REQUESTS

Whenever possible, requests for City records shall be submitted on the City’s official form CITY OF BELVEDERE REQUEST FOR PUBLIC RECORDS. All records requests shall be stamped with the date received and submitted to the City Clerk who shall immediately forward them by email to the City Attorney. The City Attorney shall respond to the Requestor him/herself or delegate that responsibility to the City Clerk.

In all cases, the City Clerk shall be responsible for calendaring the 10-day deadline for the required first response to the Requestor and shall follow-up with the Office of the City Attorney, as necessary, to confirm that the deadline will be met.

When a search of City records is to be performed, the City Clerk shall coordinate the gathering of records. Department Heads shall be responsive to requests from the City Clerk to lend their staff members in assisting with the gathering of records as may be necessary. Documents may be reproduced in paper or electronic format according to the preference of the Requestor.

7.6.2 RECORDS REQUESTS PURSUANT TO LEGAL ACTIONS

For any request for records pursuant to a legal action to which the City is a party, the document package shall be reviewed by the City Attorney’s Office for approval before it is released to the Requestor.

7.6.3 COPIES TO BE KEPT

The City Clerk shall keep a copy of all records requests and document packages in a confidential directory on the City’s Laserfiche system.

	CITY OF BELVEDERE – ADMINISTRATIVE POLICY MANUAL		
	POLICY 7.7 CONTACT INFORMATION FOR PUBLIC OFFICIALS		
Adoption Date:	9/8/2006	Adopted by:	unknown
Revised Date:	11/2006 & 1/2012 3/11/2019	Revised by:	unknown City Council Resolution 2019-03
Authority:	City Manager		

The following protocol is enacted to protect the privacy of Belvedere’s residents and to ensure that their wishes are respected regarding the dissemination of their personal contact information. The following guidelines are in compliance with Section 6254.21(a) of the California Government Code.*

1. “Public official,” for the purposes of this policy, means all members of the City Council, Planning Commission, and all volunteer committees and boards composed in whole or in part by residents of Belvedere.
2. The City Clerk is responsible for maintaining the official City record of contact information for public officials and for updating and distributing rosters intended for use by the staff, committee members, and the public.
3. Changes in contact information shall be made through the City Clerk to avoid confusion and assure uniform compliance with this policy.
4. All rosters and contact lists prepared for public officials shall be cleared with the City Clerk prior to distribution.
5. The residence address of persons speaking in an open meeting shall be included in the minutes only if announced by the speaker.
6. Application forms and the contact information they contain are considered public information and may appear on the City’s website and public documents such as staff reports, agenda packets and meeting minutes unless the applicant specifically requests the withholding of that information.
7. Except in the cases described in Nos. 5 and 6 above, personal contact information for public officials and city employees—e.g. home and work addresses, phone numbers, email—shall not be published on the City website or in any document intended for distribution to the general public, unless that individual has requested it in writing for a specific purpose.
8. Personal contact information of public officials may be included in rosters intended for distribution to the staff or to fellow committee members of the individual.

* No state or local agency shall post the home address or telephone number of any elected or appointed official on the Internet without first obtaining the written permission of that individual.
