

OBJECTIVE DESIGN + DEVELOPMENT STANDARDS PLANNING COMMISSION & COMMUNITY SURVEY

What is the Objective Design and Development Standards county-wide effort?

Communities in Marin County are working together to **ensure that design guidelines for multifamily housing developments maintain a high quality and will be context sensitive.** An effort is underway to prepare Objective Design and Development Standards that will result in a toolkit of standards that, when adopted, will provide a **clear review and approval process.** This will also ensure that design and aesthetic of developments **address topics such as architectural style while accommodating current and future legislation requirements.**

Participate in an upcoming Planning Commission meeting

We would like to invite you to an informational virtual meeting as part of the Planning Commission meeting on Tuesday, June 16, 2020. We will provide key findings from the Existing Conditions and Building/Place Types analyses, and next steps, followed by a discussion.

Join us to learn about the Objective Design + Development Standards effort on-line through a **Planning Commission meeting and a county-wide and Belvedere focused community survey** (closes June 30th).

To take the on-line survey visit:
