

OBJECTIVE DESIGN + DEVELOPMENT STANDARDS PLANNING COMMISSION SPECIAL MEETING

What is the Objective Design and Development Standards county-wide effort?

Communities in Marin County are working together to ensure that design guidelines for multifamily housing developments maintain a high quality and will be context sensitive. An effort is underway to prepare Objective Design and Development Standards that will result in a toolkit of standards that, when adopted, will provide a clear review and approval process. This will also ensure that design and aesthetic of developments address topics such as architectural style while accommodating current and future legislation requirements.

Participate in an upcoming Planning Commission meeting

We would like to invite you to a Planning Commission special virtual meeting on Tuesday, November 10, 2020. We will provide an overview of the Draft Objective Design Standards Toolkit, key findings, and next steps, followed by a Planning Commission discussion and Public Comment.

Join us to learn about the Objective Design + Development Standards effort online through a **Planning Commission special meeting**.
